Gift Certificate

The Answer to Your Gift Problems

A plant or tree is always in good taste — always welcome — always suitable for any occasion — Birthdays, Easter, Christmas, House-warmings, Anniversaries or as a Memorial.

Living plants are the gifts that grow in size and value as the years go on. There is no need to ponder WHAT to select; the recipient has the fun of selecting just what he wants here at the nursery. OR, if you prefer, you may select the plant to be given and there need be no mention of a stipulated amount. The Gift Certificate is so worded that either the particular plant OR the amount given may be specified.

For a Gift Certificate, just SEND US:

1. The name and address of the person who is to receive the certificate.
2. YOUR name and address.
3. Your check or money order for the amount of the gift.

WE WILL:

1. Send the Gift Certificate to the recipient at once (or to you, the donor, if you prefer).
2. Send the Gift Certificate so as to arrive on a certain date if you will tell us the date.

There is no fuss and bother with the Gift Certificate and more and more people are using this intriguing way of remembering — and being remembered.

ADAMS GARDEN PEONIES

These are about the most magnificent group of flowering perennials for our New England climate. They are perfectly hardy and most always satisfactory.

The roots should be planted so that the eyes are covered about 2 inches deep. Any good rich soil of loamy texture will grow them and well rotted manure with bone meal added and in most cases a little lime will suit them.

LARGE, STRONG, FIELD GROWN CLUMPS \$2.50 each, Ten for \$23.50

Edulis Superba. Large early bright clear pink.

Felix Crousse. A dependable attractive red that has been a real favorite for many years. Color an even tone of crimson with silky lustre. Midseason.

Festiva Maxima. Exceptionally large flowers of pure white with fleck of crimson in the center. Flowers fully double. Early to midseason.

Karl Rosenfield. We consider this as fine an all around pure dark red Peony as is on the list. Flowers on tall strong stems. Early midseason.

Myrtle Gentry. A beautiful late pink. The flower is perfect rose form and has the fragrance of a tea rose.

Walter Faxon. Often described as the only real pink Peony. Vivid shell pink with salmon shades. Midseason.
